Summary

AI & Data Science undergraduate skilled in Python, C, HTML, and AutoCAD 2D/3D, with NSIC certification and a Diploma in Mechanical Engineering. Passionate about technology and ready to deliver in a professional setting.

Skills

Programming: C, Python, Prolog

Web: HTML, CSS

Tools: AutoCAD 2D & 3D

Experience

Design Consultant (Intern) – WIKA Pvt. Ltd.

Sep 2023 – Feb 2024

- Assisted in design-related tasks and gained exposure to industrial practices.
- Collaborated with the design team to understand precision product requirements.
- Learned about technical documentation and design workflows.

Industrial Trainee – Railway Coach Care Center

May 2023 – June 2023

- Inspected train roll-in/roll-out processes and worked with RTR machines.
- Gained understanding of safety checks and industrial inspection procedures.

Projects

Roadscapes VLM Comparison under Day and Night Conditions

Python, Pandas, NumPy, Matplotlib, Hugging Face Transformers, Vision-Language Models

- Built a benchmarking pipeline to evaluate Phi-3, Qwen2-VL, LLaVA, and PaliGemma on road-scene QA tasks using the Roadscapes dataset.
- Assessed model performance across Object Counting, Object Description, and Surrounding Description tasks under both day and night conditions.
- Generated automated comparison tables and visualizations for category-wise and overall accuracy analysis.
- Qwen2-VL achieved the highest overall accuracy (49.33%), followed by Phi-3 (45.83%), LLaVA (42.83%), and PaliGemma (40.00%).

Certifications

- NSIC AutoCAD Certification
- Generative AI Course powered by Google Cloud

Education

B.Tech. – Artificial Intelligence & Data Science

Present

Dr. Akhilesh Das Gupta Institute of Professional Studies (ADGIPS), GGIPU

Diploma – Mechanical Engineering

2020 – 2023

G.B. Pant Institute Of Technology

10th

2019 – 2020

Tinu Public School
